

2021 Critical Care Assembly-at-a-Glance

The **Early Career Professionals Working Group (ECPWG)** of the ATS Assembly on **Critical Care (CCA)** welcomes you to our ranks. The scope of the CCA assembly includes all scientists studying the critically ill from the bench to the bedside and beyond. CCA is formed of committees and working groups and mimics the multidisciplinary group dynamic needed to care for patients and families facing critical illness. We created this card to help you navigate the functions of the “CCA disciplines” and find areas to connect and become active in CCA. Contact information for all chairs is located here → [CCA Committee and Members](#)

CCA Guide to ATS 2021

for Early Career Professionals

CCA Membership Meeting

📍 → Wherever you are!
📅 → May 12th, 2021
