

# 2022 Celebration of Pediatric Pulmonology and Sleep

**FEBRUARY 18-20, 2022**

**Register Today!**

## **Celebration of Pediatric Pulmonology and Sleep 2022**

We can't wait to see you for this in-person live event! Registration is now open for the Celebration of Pediatric Pulmonology and Sleep 2022 CME course! Join us for top quality educational sessions including timely and important topics such as asthma, sleep, aerodigestive disorders, imaging, cystic fibrosis, infectious diseases, and more! This weekend course combines great continuing medical education along with recreation and relaxation in beautiful Scottsdale, Arizona.

By attending Celebration of Pediatric Pulmonology and Sleep 2022, you will:

- Develop an understanding of new thoracic imaging modalities.
- Be familiar with the new recommendations for asthma management in children.
- Review approaches to treatment for children and young adults who have cystic fibrosis.
- Recognize, diagnose and treat lung injury related to vaping and e-cigarettes.
- Improve your familiarity with the function of an aerodigestive clinic and when to refer.
- Summarize the embryology and fetal management of congenital lung abnormalities.
- Understand control of breathing and non-OSA sleep disorders among infants and children.

### **Course Topics include:**

Aerodigestive Disorders

Imaging

Pediatric Pulmonology

Pediatric Thoracic Surgery and Trauma

Asthma

Infectious Diseases

Sleep Medicine

Vaping, E-Cigarettes and Lung Injury

**COVID-19 Safety Precautions.** As this course approaches, the AAP will seek guidance from local and national public health experts on implementing the necessary precautions to ensure the health and safety of all attendees, staff, and local community members.

**Proof of vaccination will be required for all registrants. Instructions for providing proof will be sent to registrants soon.**

**Adults and children older than 2 years of age are required to wear a mask in all AAP course settings.**

\* Limited time offer good only during AAP Celebration of Pediatric Pulmonology and Sleep registration. Does not apply to previously purchased subscriptions and cannot be combined with any other offer. All pricing and specifications are subject to change without notice.

### Continuing Medical Education

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates this live activity for a maximum of 18.0 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is approved for 18.0 MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program. All approved activities must be completed by the MOC Credit Approval End Date. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician's ABP Portfolio. Consult your ABP portfolio at [www.abp.org](http://www.abp.org) for details about your specific certification requirements. For questions about how to access this activity, contact [llaskosz@aap.org](mailto:llaskosz@aap.org)
